

## OCR Foundation Apprenticeship in Warehousing & Storage Level 2 QCF FRAMEWORK

This Level 2 Qualification is aimed at employees working in roles such as a warehouse operative or removals person and is about the safe and efficient receipt, movement, storage, handling and dispatch of goods in a warehouse environment.

**Duration:** A work based assessor will review each learners' work once a month, to enable them to achieve their framework between 15 and 18 months.

**Framework:** Level 2 Certificate in Warehousing & Storage  
Essential Skills – Application of Number Level 1 (minimum)  
Communication Level 1 (minimum)  
Employment Rights and Responsibility Workbook  
Technical Certificate (Level 2)

**NVQ Certificate:** There are two mandatory units on health, safety and security in the workplace and building working relationships with colleagues, together with a range of optional units to achieve the **26 credits** required for this certificate.

You will also need to gain a technical certificate called **(EDI) Certificate in Warehousing and Storage Principles** to demonstrate your technical competence in Warehousing and Storage. There are 3 units to complete:

- Health, safety and security within a warehousing and storage environment;
- Developing effective working relationships with colleagues;
- Developing working practices in a warehousing and storage environment.

You will attend workshops to gain the required skills and sit 3 theory assessments at ITEC.

Other frameworks offered by ITEC in Team leading, Business & Administration, Customer Service, Retail, Contact Centre, Supporting Teaching and Learning in Schools and Information Technology. Tel no 01978 367100 if interested.
