AUDIBLE INTRUDER ALARMS

NOTIFICATION TO LOCAL ENVIRONMENTAL HEALTH AUTHORITY

OF INSTALLATION OF A NEW ALARM SYSTEM OR A CHANGE OF ALARM-HOLDER FORM B

- i. The 'Control of Noise (Code of Practice on Noise from Audible Intruder Alarms) Order 1981' (Statutory Instrument 1981 No 1829) gives guidance on methods for reducing the incidence of nuisance caused by the ringing of alarms. If you permit your alarm to ring unnecessarily, action may be taken against you under Sections 80 and 82 of the Environmental Protection Act 1990. It is therefore in your own interest to adhere to the procedures set out in the code of practice, which can be purchased at Government bookshops or through booksellers.
- ii. Paragraph 5 of the code of practice states that the alarm-holder should, within 48 hours of installing a new alarm system or of taking over an existing one, notify the local police of the names, addresses and telephone numbers of at least 2 key-holders and that the alarm-holder should, at the same time, notify the local environmental health department that the alarm has been newly installed or that he has taken over responsibility for an existing alarm system. The code also states that alarm-holders should notify changes in nominated key-holders to the police within 24 hours.
- iii. This form should be used to notify Wrexham County Borough Council of an existing installation or that a new installation has been made or an existing one taken over. Form A should be used to give the police details of key-holder arrangements.
- iv. Section 6 of this form should only be completed if you wish to ask the local authority to agree to a response time of more than 20 minutes (see paragraph 6.2 and 6.3 of the code of practice).
